

Coastal Resilience and Adaptation Economy

Consortium Talent Gaps Working Group:

Scope of Working Group: Identification of talent gaps, and education and training needs to support job creation and investment in the coastal resilience and adaptation sector will be the focus of this working group. This group will:

- Build on the outcomes of other working groups.
- Identify priority resource, capacity, and expertise needed for coastal Virginia to successfully grow an adaptation and resilience economy.
- Develop strategies to support growth of regional resources, capacity, and expertise needed to successfully grow an adaptation and resilience economy.

Outcomes of Working Group:

- Documentation of resource, capacity, and expertise needed for coastal Virginia to successfully grow an adaptation and resilience economy.
- Documentation of strategies to develop regional resources, capacity, and expertise needed to successfully grow an adaptation and resilience economy.
- Recommendation on how to implement strategies developed to successfully grow the adaptation and resilience economy.
